

NEW

Premium *Choice* Series Ventilation Fans **XP Series**

PC50XP CEILING MOUNTED EXHAUST FAN WITH AC MOTOR

With today's homes being built tighter and more compact than ever, pollutants, dust, and moisture are becoming trapped inside, causing poor indoor air quality (IAQ) within the dwelling. The new PC50XP Premium CHOICE XP Exhaust Fan is built for today's demanding IAQ requirements featuring seamless Plug-&-Play integration and a redesigned blower for a quiet, energy-efficient performance.

KEY FEATURES

- Extremely quiet operation 0.4 sones
- Redesigned blower for increased efficiency and lower sound
- Seamless Plug-&-Play integration
